Animator and illustrator with 3 years of experience in animation and education. Passionate about character development, motion design, and creating engaging visual storytelling. Proven ability to collaborate with teams, showcase creative problem-solving, and effectively communicate complex artistic concepts.

EDUCATION

SCAD

SAVANNAH COLLEGE OF ART AND DESIGN

Bachelor of Arts, June 2024

Summa Cum Laude

Animation and Motion Design

LEGO DESIGN INSTRUCTOR

Snapology

6/2022 – Present

- Effected innovative LEGO design themes focused on Science, Technology, Engineering, Arts, and Mathematics (STEAM).
- Established a structured curriculum that fostered a more challenging and engaging learning environment.
- Maintained collaboration with a small team, leading over 100 educational LEGO sessions in the past year.
- Communicated and managed complex design concepts in an age-appropriate manner, ensuring successful team-building activities.
- Listened attentively to student feedback to refine and adapt lesson plans, improving overall engagement.

TEACHER'S ASSISTANT

Savannah County Day Private School

10/2024 – Present

- Maintained detailed visual records of student attendance, assignments, and artistic progress, ensuring comprehensive documentation of their creative journey.
- Established and managed large-scale art installations and collaborative projects for external spaces such as the library and special events, integrating diverse artistic techniques to achieve impactful visual storytelling.
- Adapted visual instruction to suit K–3 students, transforming lessons into immersive, hands-on creative experiences that foster imagination and engagement.
- Effected new, visually engaging strategies for math instruction, utilizing artistic elements like storyboards and illustrations to enhance student comprehension and enthusiasm.
- Listened attentively to students' artistic aspirations and academic concerns, providing personalized guidance and support to cultivate both their creative and educational development.
